- Student who are accepted into the program will gain 4 Honors Credits, in which you gain Political Science credits or an elective.
- Students will be in New York City for one week. All expenses are paid for.
- You will be among over 5,000 other students from different universities from all over the world. This is a cultural experience.
- Students will gain valuable skills (leadership, communication, problem solving, public speaking and critical thinking). All this puts you one step ahead in your career.
- Model UN also opens doors for students. Many of our students get accepted to some of the most prestige's colleges in the US and abroad. Why? Because most colleges and universities are very much aware of what Model UN does for students.
