Figuring It Out

Statistics shaping the higher-ed landscape

Distance Learning

More than 6.7 million students took at least one online course in 2011. The figure was 9.3 percent more than a year earlier. Here's a look at the five-year trend in online enrollment.

	No. of Students Taking At Least One Online Course	Online Enrollment As % of Total Enrollment
2011	6.7 million	32%
2010	6.1 million	29.2%
2009	5.5 million	27.3%
2008	4.6 million	24.1%
2007	3.9 million	21.6%
