

## **Invitation to Participate in New Student Orientation College Resource Fair**

New Student Orientation will be hosting a College Resource Fair for new students and their guests to be held during each Orientation session. The purpose of the College Resource Fair is to connect new students to different resources at Orientation.

This is a great way for students to ask questions and learn information about your department. The Fair will take place in the Terrace Lounge, Flynn Campus Center.

Please select the dates you are available to be a part of the resource fair:

Name:

Department:

Phone Number:
