

Holocaust Survivor Testimony

Wednesday, March 19, 2008

Forum, 3-130

5:30 p.m.

Could you survive transportation deports?

Could you survive with little or no food?

Could you abstain from your religious practices?

How would you feel if medical experiments were conducted on you?

Imagine having teeth pulled just to harvest your fillings.

Could you survive knowing your family members may not?

Can you imagine being killed for your beliefs?

Imagine the threat of the gas chambers...

Could YOU survive?
