As a panel discussion, our colleagues from The College at Brockport, RIT, St. John Fisher College, and SUNY Geneseo will share how they review an admissions application for a transfer student and address topics such as:

- What are the most crucial factors in the admission process?
- How can students prepare to be a competitive candidate for admission?
- What tools are available to best assist students in preparing for transfer?
- Who are the key contacts at each institution?
- Addressing issues for students who have had academic challenges
- And questions you may have regarding the process...

This panel will detail the general admission process, it will not be program or major specific.
