

## Looking for a Mechanical Technology Position?

**Steiner Technologies**  
180 Perinton Parkway  
Fairport, NY 14450  
[www.SteinerTechnologies.com](http://www.SteinerTechnologies.com)

**Steiner Technologies** is looking for an

### Engineering Technician

**Job Description:**

- Work with SolidWorks 2011 to develop designs and drawings
- Detail part prints
- Develop machining process routings and enter them into an ERP system
- Maintain engineering paperwork such as Bill of Materials, blue prints, process travelers, job packages and procedural process steps

**Qualifications:**

- Must be able to read and develop blue prints and have a good working knowledge of GD&T.
- Must have a working knowledge of Microsoft products like Word and Excel - computer skills are an absolute must.
- Have an understanding of CNC processes as they relate to milling and turning.
- Understand how cutting tools work is highly desirable.
- Knowledge of materials processing as it relates to heat treating and plating is desirable but not required.
- Flexibility is very important, as is being quick to learn and adaptable.

**How to Apply:**

Email resume and cover letter to:  
Andy Nolan, President
