

2011-2012 Self-Paced Online Course Announcement HSMI 143: "COMPUTER AND INTERNET SECURITY"

Offered by the **Homeland Security Management Institute (HSMI)** of MCC

About HSMI:

The **mission** of the HSMI is to provide expertise in homeland security training to public and private employees and officials. As such, HSMI develops curricula, delivers program, broker resources, partners with agencies, and consults on issues of homeland security.

Through a network of community colleges, the HSMI provides regional and national services to safety professionals, public officials, healthcare providers, public safety managers and executives.

About This Course/Target Audience:

The main goal of this course is to provide participants with a broad view of cyber security as it pertains to information security. This course will increase knowledge and awareness of cyber security as it relates to the growing danger of attacks on private digital information. Participants will be provided with an overall perspective on:

- Goals of Cyber Security
- Laws and Regulations
- Threats
- Vulnerabilities
- Information Resources
- Cyber Security Policy

This course is intended for general audiences and anyone who uses or has access to computers.

This course is a self-paced, open entry/open exit course, meaning students can complete the course on their time without specific due dates or interaction with fellow students. However, an instructor monitors the course and requires students to complete simple online learning activities. The course is approximately 4 hours in duration.

Course Requirements: There are no pre-requisites or required background.

Time Frame: This course opens October 3, 2011, with 90 days to complete the course. Students may register for this course any time before May 28, 2012. It is a self-paced course and is open for approximately ninety (90) days once the student has started the session.

Fee: \$29.00 per student

How to Register and Access your Course Online:

- **Step 1: Register at MCC** by completing the online form located at <http://www.monroecc.edu/go/hsmi>, click on Online Courses link, and scroll to access the form.
 - **Step 2: Access your Course Online:** Please allow 4 business days for your registration to be processed. Then, go to <http://monroecc.sln.suny.edu> and login by following the provided instructions. You will also receive an e-mail confirmation with your username and password.
- (If you would like to drop the course prior to accessing the module, you must contact us by email at hsmi@monroecc.edu).**

We look forward to meeting your certification requirements and training needs!
