HOLIDAY CAMPS

• Camp Objective

The purpose of our camp is to make every individual a better baseball player. We successfully accomplish this by building on strengths as well as recognizing and improving areas of weakness. Players also grow in sportsmanship, leadership and citizenship skills.

• Youth Camp ~ Ages 6-12

Our Youth Camp offers the fundamentals of throwing, catching, running and team concepts. Campers are divided by age and ability for games. Group instruction and individual attention is featured. Each position will be covered thoroughly.

A typical day includes: warm up activities, stretching, throwing, position drill work, hitting, and live game play.

• High School Camp

Our high school level camp is designed to enhance the fundamentals of throwing, catching, hitting, base running, and strength and cardio training. All campers will be evaluated for arm strength, foot speed, hitting and defense.

A typical day includes: warm up activities, specialty position work, hitting, proper baseball strength and cardio training techniques on alternate days, as well as injury prevention.
