George Moses

Class of 2001

Community Development Director, North East Area Development, Inc.

One of the most valuable skills George Moses gained in his years at Monroe Community College didn't come from the classroom. It came from his work in student government, particularly as the national executive vice president of the American Student Association of Community Colleges.

“At MCC, I learned to create opportunities, and that education helps you create them.”

FINANCIAL INFORMATION/AID

Residency Requirements

New York State law requires that all students file proof of residence each academic year. For New York State residents, the proper form should be submitted upon registration. Until you comply with this requirement, you will be billed the non-resident tuition rate (twice the resident rate).

Residents of Monroe County

If you have been a permanent legal resident of New York State for the past year, and a resident of Monroe County for the last six months, complete a Residency Certificate/Affidavit, sign it, and submit it with your registration.

Residents of Other New York State Counties

If you have been a permanent legal resident of New York State for the past year, but you have lived outside of Monroe County, please:

- Complete the Residency Certificate/Affidavit.
- Have your signature notarized.
- Take or mail the Affidavit to your County Treasurer. The Treasurer will keep the Affidavit and give you a Certificate of Residence.
- Submit that form with your registration.

If you have questions about obtaining the Certificate, call your County Treasurer.

Non-New York State Residents

If you have not been a permanent legal resident of New York State for the year preceding registration, you must pay non-resident tuition. Non-residents include:

- International students (holding an F-1 Visa)
- Temporary residents (those with short-term job assignments or out-of-state residents attending another local college, for example).
- Any person who is in the United States on a Visa.

Tuition Refund Appeals Process

If a student feels he or she has an extenuating circumstance which justifies an exception to the refund policy, he or she may appeal to the Tuition Refund Committee in the following manner:

- The Tuition Refund Committee will review appeals received no later than 120 days from the end of the term in which the course was offered.
- Appeals received after the deadline will not be reviewed.
- All requests must be submitted in writing to the Tuition Refund Committee and must include supporting documentation (e.g. copies of registration form, drop/add forms, medical verification) and the Tuition Refund Appeal Form.
- Appeals received without the proper documentation and form will not be reviewed.
- Appeals must be made by the student. Appeals made "on behalf of" a student will not be reviewed.

Drop/add refund dates are widely publicized. Therefore, appeals based on lack of awareness of the dates will not be reviewed.

THE COMMITTEE'S DECISIONS ARE FINAL

Criteria for Appeals

A. Personal Emergencies:

- Death of the student or death in the student's immediate family (parent, sibling, offspring, spouse). Next of kin may file an appeal for a deceased student.
- Unforeseen Medical incapacitation.

B. Administrative errors

C. Military Duty - orders must accompany appeal

The Tuition Refund Committee does NOT, under any circumstances, take phone calls. All appeals MUST be submitted in writing.

FINANCIAL AID INFORMATION

Monroe Community College participates in Federal Title IV and New York State financial aid programs and has institutional grant/scholarship monies available. Annually over 10,000 students receive financial aid totaling approximately \$50 million dollars.

Students who need financial aid to attend MCC should carefully read all of the information in this catalog. The Financial Aid Office is open 8:45am-4:45pm, Monday-Friday (when the College is open). Students are encouraged to ask questions. You can receive in-person assistance in the Brighton office (Building 6, Room 207), or at the Damon City Campus, or by calling 292-2050 or by visiting www.monroecc.edu/go/financialaid, or by e-mailing financialaid@monroecc.edu.

How to Find Out About Financial Aid Programs:

The MCC Catalog tells you about Federal, New York State and college financial aid that may be available to matriculated students at MCC, and how to apply for these programs. Other sources that you can use to find out about financial aid include:

You can find out about Federal Title IV financial aid programs for which you may be eligible, by calling 1-800-4-Fed-Aid (1-800-433-3243) or on the internet at www.studentaid.ed.gov. New York State residents can also find out about New York State programs by calling 1-888-NYSHESC (1-888-697-4372) or on the internet at www.hesc.com.

MCC's website provides links to a number of free scholarship searches at www.monroecc.edu/go/scholarships. Many companies and labor unions have programs to help pay the cost of post-secondary education for employees, members, or their children. Students should also check foundations, fraternities or sororities, town or city clubs to see if they offer financial aid assistance. Be sure to include community organizations.

All financial aid information can be obtained at no charge to the student. If you inquire

about financial aid and are asked to pay a fee by any organization please contact the MCC Financial Aid Office with details.

If you or your spouse are a veteran or the dependent of a veteran, veterans educational benefits may be available. Check with MCC's Veteran's Office located in MCC's Counseling Center (Building 1, Room 231).

General Information

Monroe Community College participates in the following financial aid programs:

Federal Title IV Programs:

- Federal Pell Grants
- William D. Ford Federal Direct Student Loan Program : Federal Stafford, subsidized and unsubsidized, Federal Parent Loan for Students - FDSL
- Federal Supplemental Educational Opportunity Grant - FSEOG
- Federal Work Study - FWS
- Aid to Native American Students
- Academic Competitiveness Grant

New York State Programs:

- Tuition Assistance Program-TAP (full-time students only); TAP - part time (restrictions apply)
- Aid for Part-Time Study (APTS) (Part time students only)
- State Special Scholarships such as Children of Deceased or Disabled Veterans, Children of Deceased or Disabled Police Officers or Firefighters, World Trade Center Memorial Scholarship and others. For more information on New York state special scholarships contact: New York State Higher Education Services Corporation (NYSHESC), Office of Grants and Scholarships, Albany, NY 12212-5097, or call 1-518-473-7087, or go to www.hesc.com
- Scholarships for Academic Excellence: Contact NYSHESC or a high school guidance office.

Monroe Community College:

MCC offers a number of criteria based scholarships. There is a general financial aid scholarship application and brochure, as well as information on other scholarships available from outside sources. You may contact the financial aid offices at the Brighton or Damon City Campus for further information or go to www.monroecc.edu/go/financialaid

Please Note: Grant and scholarship awards are usually funds you do not have to pay back. The Federal Work-Study program allows you to work on campus and earn money to help pay your school expenses. Loans are money that you borrow and you must repay with interest.

Student Eligibility

To receive consideration for financial aid from the Federal Title IV programs you must:

1. Complete the Free Application for Federal Student Aid (FAFSA) or Renewal Application.
2. Have a high school diploma or General Equivalency Diploma. If no high school diploma or GED, you must pass an ability to benefit test approved by the U.S. Department of Education. Students without a high school diploma or GED will be tested in MCC's Testing Center prior to being admitted.
3. Be accepted for admission into a program of the College approved for Federal financial aid working toward a degree or certificate (matriculated*). If you graduate from one program, you must admit to a different program in order to be considered matriculated.
4. Be a U.S. Citizen or eligible non-citizen.
5. Have a valid social security number.
6. Sign a statement of Educational Purpose and a certification statement on overpayment and default (found on the FAFSA).
7. Register with Selective Service (males age 18-25) if required to do so by law.
8. Complete all verification and federal reject codes requirements. Students may be selected for verification or clarification of application information. No aid eligibility can be processed until the student provides required information. If provided information varies from the application information, the student's record may have to be submitted to the Federal Central Processor for corrections before any aid is processed.
9. Maintain satisfactory academic progress in your degree or certificate program to continue receiving funds. See the Title IV satisfactory academic progress section of this catalog.
10. Not be in default on any prior educational loans.
11. Not have borrowed in excess of Federal aggregate loan limits.

**Students must be matriculated in order to receive funding from any financial aid program. Contact MCC's Admissions's Office for applications and information, 292-2200.*

Financial Need

Financial Aid from most of the major federal programs is based on financial need (except for unsubsidized Federal Direct Stafford and PLUS loans). When you apply for federal student aid, using the Free Application for Federal Student Aid (FAFSA) the information you provide is used in a formula established and approved by the U.S. Congress called Federal Methodology (FM). The formula calculates your Expected Family Contribution (EFC). This is the amount that you and your family will be expected to have available to contribute to your education. If your EFC is below an amount set by the federal government, you should be eligible for a Federal Pell Grant, assuming you meet all other eligibility requirements.

Your EFC is also used in an equation to determine how much funding you may need to attend school.

Cost of Attendance - EFC = Estimated Financial Need to Attend School

The Financial Aid Office subtracts your EFC from your cost of attendance. You can get further information on the EFC formula by contacting the U.S. Department of Education at 1-800-4FEDAID, or their internet site at www.studentaid.ed.gov.

Special Conditions

Sometimes a family may have extenuating circumstances that are not reflected on the FAFSA. Examples are a change in income or loss of a job; separation, divorce, or death of a family member, high medical or dental expenses, or other situations.

In such instances a student can request the MCC Financial Aid Office to use professional judgement to re-evaluate their federal aid eligibility. In all cases, students must first file a FAFSA. When

the results are at MCC the students can fill out a Special Conditions form and attach required documents.

Cost of Attendance (COA)

This is the amount that the Financial Aid Office estimates it will cost you to attend MCC for one academic year. The COA is calculated based on rules established by the U.S. Congress. The COA includes tuition and fees, allowances for room and board, books, supplies, transportation, loan fees, purchase or lease of a computer, dependent care costs, costs related to disability and miscellaneous expenses. Note that students must supply documentation of computer costs, dependent care costs and costs related to disability to have these included in the COA. This is required as expenses for these areas do not apply to all students

and may vary significantly from student to student. For students who attend less than six semester hours each semester, the COA includes only tuition and fees and an allowance for books, supplies, and transportation. Students with unusual expenses may request an evaluation of their COA by submitting a letter to the Financial Aid Office detailing the circumstances, amount of expenses involved and providing documentation of the expenses. The COA determines a student's estimated costs related to attendance at college. It is not intended to reflect full support requirements. Financial Aid provides assistance for educational expenses, not full support. Students should be aware that requests for adjustments to the COA do not in any way indicate that there is financial aid available to cover such adjustments.

Estimated 2009-2010 Cost of Attendance

| | Living with Parents | Not Living with Parents | Residence Halls |
|------------------|---------------------|-------------------------|-----------------|
| Tuition and Fees | \$3,100 | \$3,100 | \$3,100 |
| Books & Supplies | \$1,000 | \$1,000 | \$1,000 |
| Living Expenses | \$5,700 | \$9,700 | \$9,700 |
| Total | \$9,800 | \$13,800 | \$13,800 |

All expenses are estimated and subject to change without notice.

Monroe Community College Financial Aid Programs:

MCC offers several scholarships through the Financial Aid Office and various academic departments. Annually over 300 students receive MCC scholarships totaling over \$500,000. Students should contact their academic department for information on any scholarships that may be available through the department.

Students who wish to be considered for scholarships available through the Financial Aid Office must file a FAFSA and MCC Scholarship Application. Scholarship awards are usually made in the late Spring depending on eligibility requirements and the amount of funds available.

Students must be matriculated to be considered for any scholarship funds available. Most scholarships are awarded for one year. Students must apply each year for consideration for a scholarship. Scholarship programs may be added or discontinued without notice.

For a complete list of all the scholarships available at Monroe Community College, and an application and brochure, contact the Financial Aid Office or www.monroecc.edu/go/scholarships.

Satisfactory Academic Progress For Federal Title IV Financial Aid Programs

Students who wish to receive funding from the Federal Title IV financial aid programs must maintain satisfactory academic progress toward their degree or certificate program. Students who fail to maintain satisfactory academic progress will lose their eligibility for Federal Title IV funds. Please carefully read all of the following information. Any questions should be directed to the Financial Aid Office. You are responsible for registering for and completing your courses in accordance with the following criteria.

Students will be evaluated at the end of each Spring semester for Federal

Title IV satisfactory academic progress. The evaluation will include any courses attempted during the preceding Summer, Fall, Intercession and Spring semesters (in that order). For example, at the end of Spring , students will be evaluated for courses attempted during the previous Summer, Fall, Intercession, and Spring.

Evaluation of academic eligibility for Federal Title IV funds includes qualitative and quantitative components:

1. **Qualitative Component:** Students must maintain certain Grade Point Average requirements in order to continue federal financial aid eligibility. These standards are consistent with the college's standards for academic suspension. Program changes will not assist the student in raising the GPA for Title IV purposes. See Chart #1 which details the GPA information. No students on academic suspension are eligible for financial aid. The grades received in non-credit remedial courses are not counted in the calculation.

| 48 plus | 65% |

- For students who have attempted 47 or less hours (includes transfer credits earned and all MCC courses) the GPA requirement is the same as the college's standard for Academic Suspension. Students on Academic Suspension cannot get Federal Financial Aid. However, for this group of students (47 or less attempted hours), if they are initially suspended, meet all SAP requirements but GPA, and are then placed on Academic Probation by the college, their federal aid will be reinstated for the corresponding semester.
- Students who have attempted 48 or more hours will need a 2.0 GPA and be in good academic standings or on academic probation, and meet other SAP requirements. Non-credit remedial courses will not be counted in the calculations. Program changes will not assist a student in raising their GPA for Title IV purposes.

2. **Quantitative Component:** The quantitative component consists of two elements:

A. **Maximum Time Frame:** Students may attempt semester hours equal to 150% of the published time frame for the program in which the student is enrolled at the time of evaluation. Please see **Chart #3**. The calculation is based on the published required number of semester hours for the program, as it appears in this catalog. For example, if the program requires 60 semester hours to complete, the student may attempt 90 hours in this program. When the student's attempted hours are equal to or exceed 150% of the published length of the student's current program (see Programs of Study), the student is no longer eligible for Federal Title IV financial aid.

B. **Earned Credits:** Students must complete with a passing grade (D- or better) a certain percentage of their semester hours which they attempt during the academic year (Summer, Fall, Intersession, Spring). See Chart #2 which details the number of semester hours that must be completed with passing grades in comparison to the number of semester hours attempted.

The quantitative component includes all semesters that a student has attended MCC, whether or not Title IV aid was received and regardless of when the courses were taken.

Incomplete Grades (I): Incomplete grades in any class will not be counted toward completed semester hours. They will always be counted as attempted semester hours. When the incomplete is changed to a letter grade, it will be counted toward completed hours if the grade is a D- or better. The student is responsible for notifying the Financial Aid Office that the incomplete is changed and requesting a re-evaluation of Title IV eligibility.

Withdrawals: Withdrawals (W's, WI's) will not be counted as completed semester hours. They will always be counted as attempted semester hours.

Repeated Courses: If a student repeats a course in which a D- or better grade was earned in a prior semester, the repeated course will not be counted in the total completed semester hours. It will always be counted in the total attempted semester hours.

Non-Credit Remedial Courses: Students who are required to take non-credit remedial courses may attempt up to 30 semester hours of non-credit remedial courses. These attempted hours will not be counted toward the 150% maximum time frame, but they do count toward % earned for annual hours. After attempting 30 semester hours of remedial courses, the student will be ineligible for any Federal Title IV assistance for non-credit remedial courses attempted in excess of 30 hours.

Application of Standards: These standards will be applied to all full and part-time students who may be eligible to receive Federal Title IV funding. At the end of each Spring semester, student academic records

will be evaluated for both the qualitative and quantitative components. Students who fail to make satisfactory academic progress for Federal Title IV funding will be notified by letter sent to the mailing address on record with the College.

Reinstatement of Eligibility for Federal Programs: Students who fail to achieve Satisfactory Academic Progress for federal programs have several options for reinstatement of eligibility.

First, the student may attempt to make up their academic deficiencies by taking courses without the benefit of Federal aid. If successful in their coursework, they may contact the Financial Aid Office to see if their aid can be reinstated for a future semester.

Second, the student can apply for a Waiver of Satisfactory Academic Progress.

Third, the student can request to be evaluated for Financial Aid Probation. These requests are evaluated on a case by case basis.

Waivers of Satisfactory Academic Progress: Students who fail to make satisfactory academic progress during an academic year may apply for a waiver of satisfactory academic progress standards for the next academic year. Waiver applications and information are available in the Financial Aid Office. Waivers of academic progress for Title IV will be considered for extraordinary circumstances. Extraordinary circumstances include death of a close relative of the student; injury or illness of the student, student's spouse, student's parents or student's children, and other special circumstances. The student must document the circumstance and document that the situation is either under control or will not occur again. The waiver applies only to the academic year for which it is granted and reinstatement of eligibility becomes effective in the term in which the appeal is approved. After that, the student is expected to be at the standards required for both the quantitative and qualitative components of satisfactory academic progress.

Students who apply for the waiver due to exceeding 150% of the program should detail their situation including why they are at this point, and include a plan of action for completing the program.

Good Academic Standing For New York State Financial Aid Programs

Students who wish to receive funding from the New York State financial aid programs must maintain good academic standing. Good academic standing consists of Pursuit of Program (POP), which the New York State Education Department defines as receiving a passing or failing grade in a certain percentage of a full-time course load. Passing grades are grades of D- or better. A failing grade is an "F." Grades of "W", "I" and "WI" are not passing or failing grades. The percentage increases for each year of attendance. See the TAP Eligibility Chart for details.

The second element of good academic standing is Satisfactory Academic Progress (SAP). SAP is the number of credits the student earned toward their certificate or degree at the end of each semester, and the cumulative grade point average. Transitional studies courses that students may be required to take do not count toward SAP requirements. See the TAP Eligibility Chart for details.

Students will be evaluated for POP and SAP at the end of each semester. Students who

fail to meet either POP or SAP standards will lose eligibility for New York state financial aid programs at MCC for the next calendar year. Students who have received the equivalent of six full-time New York State TAP awards will no longer be eligible for TAP at a community college. Program changes will not assist students in regaining eligibility for SAP and GPA requirements in the 1st semester of the new program.

C Average Requirement: Students who, in prior terms, have received the equivalent of two or more full years of state funded student financial aid payments (have accumulated 24 or more payment points in prior terms) must have a cumulative "C" (2.0) GPA to be eligible for continued state financial aid. Students subject to the C average requirement must meet this in addition to POP and SAP requirements. State financial aid programs subject to this requirement include all general and academic performance awards.

Non-Credit Transitional Studies

Courses: Students who are required to take non-credit transitional studies courses must be aware of the following:

1. Non-credit transitional studies courses do not count toward completion of SAP requirements.

2. To meet the full-time or part-time requirements for each semester's attendance, students in non-credit transitional studies courses must include in their registration a minimum of 3 credit bearing hours the first semester and a minimum of 6 credit bearing hours in each following semesters. The total number of semester hours (non-credit and credit) must be at least 12 or more for TAP, and 3 to 11 semester hours for Aid for Part-Time Study.

Repeat Courses: When a student has earned a passing grade (D- or better) in a course, it generally cannot be included in the calculation of full or part-time status if the student takes the course again. For State financial aid purposes, courses cannot be repeated to raise the GPA or to get a better grasp of the subject matter. Four exceptions to this ruling are:

1. When a grade received is passing but is not acceptable in the degree or certificate program in which the student is matriculated. For example, the student's program requires that the student get a C or better in ABC100 to be graduated, but the student earns a D in ABC100. The student could repeat ABC100 to earn a better grade. The program description in this Catalog & Student Handbook (Programs of Study) must stipulate this for the repeated course to be eligible for financial aid.

| A STUDENT MUST HAVE ACCRUED THIS MANY CREDITS TOWARD SATISFACTORY ACADEMIC PROGRESS (SAP) | 0 | 3 | 9 | 18 | 30 | 45 |
| and | | | | | | |
| A STUDENT MUST HAVE EARNED THIS GRADE POINT AVERAGE (GPA) | 0 | .5 | .75 | 1.3 | 2.0 | 2.0 |

2. When a grade received is passing but is not acceptable for the student to move on to the next course in the sequence. For example, ABC101 requires that a student get a C or better in ABC100 in order to take ABC101. The student gets a C- in ABC100 and, therefore, would not be able to take ABC101. Therefore, the student can repeat ABC100 to earn a better grade. The course description in this Catalog & Student Handbook (Course Descriptions) must stipulate this for the repeated course to be eligible for financial aid.
3. When a student must take and pass a course and an associated course concurrently and a passing grade is received in only one of the courses. For example, ABC200 requires that the student concurrently take ABC201. The student earns an A in ABC200 but an F in ABC201. The student must repeat both courses and pass both courses concurrently to receive credit toward the degree or certificate. The student can repeat both courses in order to receive credit toward the degree or certificate. The course descriptions in this Catalog & Student Handbook must stipulate this for the repeated courses to be eligible for financial aid.
4. When a course may be repeated and credit earned toward the degree or certificate each time it is taken. For example, as with physical education courses.

Reinstatement of Eligibility for New York State Programs:

Students who fail to achieve good academic standing for state programs have several options for reinstatement of eligibility.

First, the student may attempt to make up their academic deficiencies by taking courses without the benefit of New York State aid. If successful, the student could have their aid reinstated for a future semester.

Second, the student can sit out from school for at least one calendar year. Upon returning to school, the student could be eligible in their first term for state financial aid. However, if the student has already utilized the equivalent of four TAP payments,

24 paypoints and has less than a 2.0 gpa, sitting out one year will not reinstate their eligibility.

Third, the student can request a one time Waiver of Good Academic Standing for Pop and/or SAP.

Waiver of Good Academic Standing for POP and/or SAP:

Students who fail to achieve good academic standing during a semester may apply for a waiver of good academic standing for the next semester. For New York state programs, students may be granted only one waiver as an undergraduate student. Waiver applications and information are available in the Financial Aid Office. Waivers will be considered only for extraordinary circumstances. Extraordinary circumstances include the death of a parent, child or spouse; injury or severe illness of the student, student's spouse, parents or children; or other special circumstances. The student will have to provide proof of the circumstance and document that the situation is either under control or will not occur again.

Waiver of C Average Requirement for New York State Programs:

Students who fail to achieve a cumulative GPA of 2.0 or better at the end of a semester (beginning 24th paypoint) may apply for a waiver for the next semester. Waivers will be considered as noted in the above section. Program changes will not assist students in making the C average requirement for the 1st semester in a new program.

Academic Suspension

Students placed on academic suspension at the end of a semester are not eligible for federal or state financial aid for the next semester. Future eligibility is based on satisfactory progress standards for federal and state programs.

Attendance and Registered Classes

You must be a registered student to be eligible for financial aid in any semester. The Financial Aid Office considers a registered student as one who is actively engaged in the requirements for their courses, including class attendance. Any changes to the number of credit hours for which you are registered can impact financial aid eligibility for that semester and future semesters.

Changes in registered courses may be student initiated by a withdrawal or drop, or can be instructor initiated due to lack of class attendance. The student is responsible for maintaining themselves as registered students for financial aid purposes.

Method and Frequency of Disbursement

Financial aid is credited to eligible student accounts usually through the computer system that links financial aid to the student's account in the Bursar's Office. Eligible student accounts are credited by the Financial Aid Office on an on-going basis after attendance in classes has been verified. If your tuition and fee bill is completely paid and you have a credit balance, you will be issued a refund check by mail. The Bursar's Office normally

mails refund checks on a bi-weekly basis, no sooner than the 6th week of classes. Students are expected to pay for their educational related expenses with their own funds until refunds are mailed.

William D. Ford Federal Direct Student (Subsidized and Unsubsidized) loan proceeds will be disbursed in two or more equal installments, (i.e. one in fall, one in spring). If the loan is for one semester only, the first disbursement will be at the beginning of the semester (after attendance is verified) and the second at the midpoint of the semester. If a loan is processed after the midpoint of an academic year or semester, it may be disbursed in one installment. Federal regulations require that the first disbursement of Direct Subsidized and Unsubsidized Stafford loans be held for 30 days after the beginning of the loan

period for all first year, first-time borrowers at MCC. All students must be registered and in attendance in at least 6 credits when the loan funds are disbursed. If not, the loan is canceled.

William D. Ford Parent Loans for Undergraduate Students (PLUS) will be disbursed to the student's account. Credit balances will be disbursed to either the student or parent directly. The Financial Aid Office will send the student a selection form.

Federal Return of Federal Title IV Funds Policy

The Financial Aid Office recalculates federal financial aid* eligibility for any student who completely withdraws, stops attending classes, or is dismissed during the semester, prior to 60% of the semester being completed. Recalculation is based on the percent of earned federal financial aid using the following formula:

% earned = number of days completed up to the withdrawal date divided by total days in the semester**

Federal financial aid is returned to the federal government based on the percent of unearned aid using the following formula:

aid to be returned = amount of Federal Title IV Aid disbursed minus Federal Title IV aid earned

When federal financial aid is returned the student may owe a debit balance to MCC and may also owe funds to the federal government. Students should contact the Bursar's office regarding any money owed to MCC.

**Federal financial aid for this calculation at MCC includes Federal Pell Grant, FSEOG, ACG, Federal Direct Student Loans and Federal Plus Loans.*

***Withdrawal date is defined as the actual date the student began the withdrawal process (Please see the MCC catalog for official withdrawal procedure), the student's last date of recorded attendance or the midpoint of the semester for a student who leaves without notifying MCC.*

**** For students who receive all F's or a combination of F's and W's, the Financial Aid Office will confirm the last date a student attended and will return funds if the last date of attendance is prior to the 60% point of the semester. The return of funds in this case would occur after the semester is over and students will be notified via mail if they have had a recalculation performed.*

Student Right To Know and Consumer Information

Federal education regulations require that MCC make available to students statistics that reflect graduation and completion rates for students who have attended the College over a period of three (3) years. Individuals who would like a copy of this information may request it from the Financial Aid Office.
