

Mark Preston

Class of 1996

Senior Technical Assistant, Office of Services for Students with Disabilities, Monroe Community College

Mark's long list of accomplishments reach far beyond his position at MCC. He's been a five-time competitive road racer. He played basketball with Rochester Wheels. He's been a cross-country skier and an oarsman on the US outrigger canoe team. He also hunts and fishes with equipment he discovered through New York Outdoors Unlimited, a not-for-profit organization that links people who have disabilities with the resources they need to enjoy their favorite outdoor sports. Mark serves on its board.

In his professional life, Mark provides critical support services for more than 450 students every semester, linking physically and learning challenged students with the assistive technology they need to get the most out of their experience at MCC.

“MCC helped me discover ways to give back. I guess I have a passion for helping others – not just helping, but encouraging others — not just providing services, but discovering what's within.”

State University of New York

As a comprehensive public university, SUNY provides a meaningful educational experience to the broadest spectrum of individuals. More than 438,000 students are pursuing traditional study in classrooms and laboratories, at 64 colleges and universities, or are working at home, at their own pace, through such innovative institutions as Empire State College.
