STUDENT CHECKLIST EVALUATION OF TECHNICAL STANDARDS FOR RADIOLOGIC TECHNOLOGY PROGRAM

Student: Please check “yes” if you are able to perform the task/meet the physical demands as listed and check “no” if you are unable to meet the standards. If “no” or “not known” is checked, please comment on the space provided below.

<u>Technical Standards/Physical Demands Required</u>	Yes	No	Not Known
1. Able to reach, move and adjust x-ray equipment located to a height of 72 to 80 inches from the floor (may use a 6 inch footstool).			
2. Remove, lift and carry 5 cassettes, weight about 25 pounds.			
3. Move patient in a wheelchair or stretcher from a waiting area into the x-ray room.			
4. Assist a patient out of a wheelchair onto the x-ray table.			
5. Assist and physically support a patient, possibly weak and unable to walk, stand, sit or lie down. Assist a patient to sit up in bed or on a stretcher.			
6. Assist, as a member of a team, in moving a patient from a stretcher or bed onto the x-ray table.			
7. Give clear, verbal commands to the patient while positioning a patient for an x-ray procedure, and at a distance of 6-10 feet from the x-ray table while located in a lead protected exposure control booth.			
8. Have hearing corrected to be able to hear a patient at a distance of 6-10 feet, while located in a sound absorbing, lead protected exposure control booth.			
9. Have sight corrected to read and adjust x-ray control panel (size of digital display of a microwave).			
10. Currently not physically dependent on non-prescription drugs or alcohol.			
11. Maintain an alert level of consciousness and orientation to time, place and person at all times.			

If you have answered “no” or “not known” please explain below:
