LEARNING PATHWAYS

MCC provides flexible, learning opportunities to help diverse learners at all stages of their academic and professional careers meet their educational goals.

CAREER AND TECHNICAL EDUCATION: Programs meet industry standards and provide hands-on learning in high-demand fields.

COLLEGE TRANSFER: In addition to 2+2 programs and SUNY Transfer Paths, MCC has unique agreements with 36 four-year institutions enabling graduates to transfer with junior standing.

MCC CORPORATE COLLEGE: Courses are delivered as both open-enrollment and custom-training, with credit and noncredit options.

DUAL ENROLLMENT: Credits count toward a high school diploma as well as an MCC certificate, degree or apprenticeship before high school graduation.

CONTINUING EDUCATION: Offerings include a diverse array of noncredit courses that lead toward a new career, professional development or personal enrichment.

SUNY ONLINE: MCC offers 49 degree and certificate programs completely and partially online.

OUR UNIQUE LABS AND CLASSROOMS

The **Weatherization & Energy Efficiency House**, built by students and faculty, and the **Solar Thermal Auxiliary Resource Center** (shown at left) provide hands-on training for HVAC-related careers.

The **Financial Aid Lab** assists students with completing FAFSA applications and provides financial literacy tools and related services.

The **PAC Center**—an educational, athletic and recreational facility—houses an indoor turf field, jogging track, fitness center, and hot/cold hydro pools.

SETTING HIGH BENCHMARKS

MCC is cited among six U.S. community colleges as **national models** for best practices in workforce development. (*The Aspen Institute*)

MCC is named one of the 12 **most innovative** U.S. colleges for adult learners. (*Washington Monthly* magazine)

Entrepreneurial and Applied Business Studies is among the **nation's top 20** online associate degree programs in entrepreneurship. (*BestColleges.com*)

MCC earned a 2019-20 **Innovation of the Year** Award for its student-run information center Trib411. (*League for Innovation in the Community College*)

Graduates of MCC's nursing, radiologic technology, surgical technology and dental hygiene programs perform well above state and national averages on certification and licensure exams, achieving **pass rates of 100%** in 2017-18.*

**Latest data available*

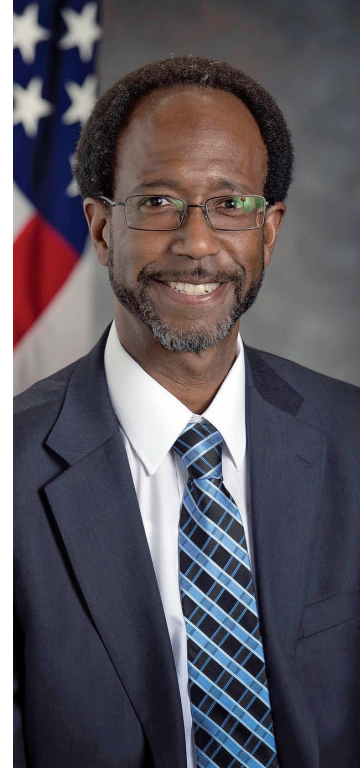

NOTABLE TRIBUNES

Clayton Turner '86 NASA's Langley Research Center

As director of the National Aeronautics and Space Administration's Langley Research Center, Clayton leads a team focused on developing technology for space exploration, expanding understanding of Earth's atmosphere, and improving aviation.

He began his career with NASA as a design engineer in 1990. After graduating from MCC with an associate degree in electrical engineering technology in 1986, he earned his bachelor's degree in electrical engineering from Rochester Institute of Technology.

Clayton is one of 115 MCC Alumni Hall of Fame members who have excelled professionally and made a positive impact on the community and the College. Meet other distinguished members or alumni at www.monroecc.edu/alumni-donors.

CHARTING THE COURSE

A groundbreaking **Future of the Technician Workforce Study** by MCC's Economic and Workforce Development Center sheds light on the most-in-demand skills and what the future of work looks like in the Finger Lakes region over the next five years and beyond as current and emerging technologies—including artificial intelligence and virtual reality—transform businesses' operations. The study is based on extensive input from over 100 industry professionals from 80 regional organizations. Study findings are guiding the collaborative efforts of MCC and area employers in helping bridge the skills gaps and opening doors to family-sustaining careers.

By participating in Education Design Lab's **Single Moms Success Design Challenge**, MCC is helping raise completion rates for single-mother learners by 30% by 2024. MCC served more than 1,800 student-parents in fall 2020.

Students in MCC's clinical laboratory technician program gain in-classroom and clinical experiences, enabling them to work as professionals in many types of lab settings.
