

This is my job.

This is a self-placement position.

This position was assigned by the Fieldwork Coordinator.

## Placements

Placements that do not qualify are nanny positions, in-home daycare, or placements where you do not have supervision. Family members are prohibited from serving as your supervisor. **A supervisor must be able to evaluate your work objectively, without conflicts of interest that interfere with impartial judgement.**

You may begin your fieldwork as early as the first day of classes provided you are accepted at the agency & have a willing supervisor and this fieldwork is approved by your instructor or by the fieldwork coordinator.
