Placement Testing Services

Introduction

Monroe Community College Testing Services offers placement testing at both the Brighton and Damon City Campuses. In many cases remote testing can be arranged for students who live more than 60 miles from MCC.

Testing Services Purpose Statement

Testing Services will:

- Provide a safe and confidential setting to maximize each examinee's potential to succeed.
- Promote student success by assessing current language and mathematics skills at the beginning of the educational process.
- Support community development by administering professional license and certification exams and Prior Learning Assessment (PLA).
- Adhere to all of the standards set forth by the National College Testing Association Professional Standards and Guidelines for Post-Secondary Test Centers.

Placement Testing Information

Why do I Need to Take a Placement Test?

Student academic success is predicted by many factors; one of the main factors is satisfactory course completion. Because of this, MCC must ensure that all entering students are placed in foundational courses (mathematics and English) where successful completion is most likely.

Unless the Admissions Office grants a test waiver based on specific academic criteria, all new matriculated students and non-matriculated students seeking to take courses with a mathematics or English prerequisite are required to complete placement testing prior to course registration. Waiver criteria and eligibility can be found on the Testing Services website. www.monroecc.edu/go/testing

What do I Need in Order to Test?

Students are strongly encouraged to review and get a good night's rest before testing, but the following are required to test:

- An MCC identification number (M number) provided by Admissions.
- A current photo ID. Acceptable IDs include: driver's license, student ID, work ID, etc.
- Permission to test—a notification requesting testing from the Admissions Office or a written Permission to Placement Test slip. Permission to Placement Test slips must be presented at check-in.

When Can I Test?

Testing is available on a walk-in basis or through online scheduling (subject to availability). Students can view walk-in hours or schedule an appointment by going to the Testing Services website www.monroecc.edu/go/testing or by calling the Brighton Campus (585) 292-2290 or the Damon City Campus (585) 262-1619.

Where Can I Test?

Placement testing is offered at Testing Services on the Brighton and Damon City Campuses, and in many cases remote testing for students who live more than 60 miles from either campus can be arranged.

Brighton Campus
Building 3, Room 107
Phone: (585) 292-2290

Damon City Campus
5th Floor, Suite 5252
Phone: (585) 262-1619

Information about off-campus testing for eligible students who live more than 60 miles from MCC is available on the Testing Services website.
www.monroecc.edu/go/testing

Can I Retest?

Students will take the placement test once for placement purposes. On rare occasions, under extenuating circumstances, authorization to retest may be granted. The rare instance in which a decision is made that a student may retest will be based on an individual review of the student's overall academic profile.

Items Prohibited in the Testing Center

Personal belongings, such as electronic devices (including cell phones, smart watches, and calculators), review materials, bags (including purses and book bags), hats, and food or drink are strictly prohibited in the testing center. Coin lockers are available outside the testing center—a quarter is required.

Paper, pencil, and other approved materials required for testing will be provided by testing center staff.

Testing Accommodations for Students with Disabilities

Students who request testing accommodations must submit documentation to the Services for Students with Disabilities Office at least 30 days prior to testing. For more information about requesting accommodations, go to www.monroecc.edu/go/ssd or contact the SSD Office.

Placement testing with accommodations may be taken during the regular walk-in hours or scheduled online at www.monroecc.edu/go/testing

The Placement Tests

ACCUPLACER is produced by The College Board. It is an adaptive Internet-Based Test (IBT). The computer uses the student's answers to determine the level of difficulty of each successive question.

Tests are not time-limited and scores are generated immediately after the test is completed. Reading Comprehension and Sentence Skills are used for English placement, and Elementary Algebra and either Arithmetic or College-Level Math are used for math placement.

CELSA is a Computer-Based Test (CBT) for speakers of other languages (ESOL) produced by the Association of Classroom Teacher

Testers (ACTT). It is a timed, 45-minute test. Scores are available immediately after testing.

Ability-to-Benefit (ATB) Testing

Students who do not possess a U.S. high school diploma or equivalent may be required to complete a version of the CELSA and/or ACCUPLACER to qualify for financial aid benefits.

Preparing For the Placement Test

Introduction

Placement test scores determine where you can begin your course of study. Before testing, it is important to review. However, trying to cram for the test to enter courses beyond your experience or easy recollection is not a good idea.

General Test Preparation Tips

Tips you can follow to prepare for your test:

- Study.
- Strategically plan your study time and space.
- Avoid multitasking while studying.
- Take practice tests.
- Get at least 7 to 9 hours of rest the night before the test.
- Be sure to eat a balanced meal.
- Use positive self-talk (i.e., “I will do the best I can.”).

CELSA (ESOL) Review Resources

The best preparation for the ESOL placement test is using English every day to challenge yourself in listening, speaking, reading, and writing. Study of vocabulary and grammar in context may also be helpful. Useful materials are books, newspapers, magazines, films, TV, and internet resources. MCC's ESOL homepage contains sample questions and many helpful study resources. www.monroecc.edu/depts/esol/links.htm

ACCUPLACER Sample Questions

(Answers on Page 12)

ACCUPLACER Reading Comprehension

- 1) Read the statement or passage and then choose the best answer to the question. Answer the question on the basis of what is stated or implied in the statement or passage.

Myths are stories, the products of fertile imagination, sometimes simple, often containing profound truths. They are not meant to be taken too literally. Details may sometimes appear childish, but most myths express a culture's most serious beliefs about human beings, eternity, and God.

The main idea of this passage is that myths

- A. are created primarily to entertain young children
 - B. are purposely written for the reader who lacks imagination
 - C. provide the reader with a means of escape from reality
 - D. illustrate the values that are considered important to a society
- 2) Two sentences are followed by a question or statement about them. Read each pair of sentences and then choose the best answer to the question or the best completion of the statement.
The Midwest is experiencing its worst drought in fifteen years.
Corn and soybean prices are expected to be very high this year.
What does the second sentence do?
