

2.1 Identity Theft Prevention Program Policy

Category: Administration

Name of Responsible Office: Public Safety

Title of Responsible Executive: CFO and Vice President, Administrative Services

Date Established: June 9, 2009

Date Last Approved: September 9, 2018

Policy

The purpose of this Policy is to prevent frauds committed by the misuse of identifying information (i.e. identity theft). The Policy aims to accomplish this goal by identifying accounts maintained by MCC which may be susceptible to fraud (hereinafter "Covered Accounts"), identifying possible indications of identity theft activity associated with those accounts (hereinafter "Red Flags"), devising methods to detect such activity, and responding appropriately when such activity is detected. This Program will include reasonable steps to prevent frauds perpetrated by the misuse of identifying information including policies and procedures for:

- Identifying "covered accounts"
- Identifying relevant patterns, practices, and forms of activity within those accounts that are "red flags" signaling possible identity theft
- Detecting red flags
- Responding appropriately to any red flags that are detected in order to prevent and mitigate identity theft
- Administering the program in a manner that ensures proper staff training, implementation, oversight, and updating

Background

The Federal Trade Commission (FTC), under the authority granted by the Fair and Accurate Credit Transaction Act of 2003 (FACTA), has issued a Red Flags Rule (16 CFR 681.2) requiring that financial institutions and creditors develop Identity Theft Prevention Programs aimed at recognizing and preventing activity related to identity theft. This Identity Theft Prevention Policy was developed pursuant to a resolution adopted by the Monroe Community College Board of Trustees on June 8, 2009 in order to comply with the Federal Trade Commission's Red Flags Rule (16 CFR 681.2).

Applicability

Program Administrator - The CFO/VP of Administrative Services will oversee administration of this Program. The Program Administrator may designate additional staff of the College to undertake responsibility for training personnel, monitoring service providers, and updating the Program, all under the supervision of the Program Administrator.

Definitions

Account: A relationship established with an institution by a student, employee, or other person to obtain educational or financial services.

Covered Account: An account that permits multiple transactions or poses a reasonably foreseeable risk of being used to promote an identity theft.

Responsible Staff: Personnel who regularly work with Covered Accounts and are responsible for performing the day-to-day application of the Program to a specific Covered Account by detecting and responding to Red Flags.

Red Flag: A pattern, practice, or specific activity that indicates the possible existence of identity theft.

Response: Action taken by Responsible Staff member(s) upon the detection of any Red Flag to prevent and mitigate identity theft.

Service Provider: A contractor to the campus engaged to perform an activity in connection with a Covered Account.

Identity Theft: A fraud committed or attempted using the identifying information of another person without authority.
