RE: Errata for the “What Happened to the Class of 2007” Book & Brochure

This page contains a list of all errata discovered post-production. If you find anything additional, please don't hesitate to contact me.

Book:

- Page 10 – Comparison Summary: Transfer Curriculum – A.S. - Number continuing their education full-time should be 716, not 706
- Page 54 – Liberal Arts & Science – Science - Number continuing their education full-time should be 13, not 3
- Page 72 – Comparison Summary: Career Curriculum – A.A.S. - Number responding to survey should be 537, not 536
- Page 148 – Emergency Medical Services - Certificate – Number responding to survey should be 3, not 2. Also, number and percent of total employed in field should be 2 (67%), not 2 (100%).

Brochure:

Row 13 – Science - Number continuing their education full-time should be 13, not 3

Also please note that the tables in the book are organized hierarchically to avoid presenting duplicate data. That is, graduates who are counted in one category (e.g., “Number continuing their education full-time”) are not counted in the subsequent categories (e.g., “Number employed full-time”). The pages facing the tables, however, show all employers and transfer colleges that respondents reported to us in the Graduate Follow-Up Survey. This information will be added to future editions of the book.
