

# Your DNA Profile; What Does it Tell YOU About YOU?

Presented by  
**Richard Hill**

*Founder, DNA Testing Adviser  
and Author of "Finding Family"*

In the age of identities, culture,  
and self-awareness, have you ever  
asked yourself:

- What is DNA?
- What can my DNA say about ME?
- Can my DNA identify my relatives?
- How can DNA be used to identify a person?

Richard Hill discovered the power of DNA during his long search for biological ancestors. He will introduce us to several forms of DNA testing as he shares the fascinating story of his personal odyssey. This presentation has been called educational, humorous, and heartwarming.
