# Fall 2017 Flexible Pace Mathematics (MTH) Courses Registration Process

**Face to face** flexible pace course sections will have section numbers starting with F at Brighton, and end with F at the Downtown Campus. Students who wish to take a face to face flexible pace section of MTH 098 or MTH 104 will also need to sign up for a conference hour to fill the requisite number of credits. Conferences start with M on the Brighton campus and end in M on the Downtown Campus.

Students taking the MTH 099/104 combination will need to take two **different** sections numbers to get the requisite 6 credit hours. If they register themselves, they will need to sign up for a conference section of MTH 104, but they don't need that 7th hour and will subsequently be dropped from the MTH 104 conference. If they are getting assistance with registration from someone who can override the conference, they only need MTH 099 for 3 hours and a different section number of MTH 104 for 3 hours. Together these supply the 6 contact hours the students need for MTH 099 with MTH 104 combined.

Students from all the flexible pace Mathematics Department courses, from MTH 096 through MTH 104, are mixed together in the same rooms. The numbers displayed in self-service Banner are the seats remaining in a given flex section number for all the courses 096 through 104 combined. Conferences will have a mix of MTH 098 and MTH 104 students, and the number of seats remaining in a given section number will be for 098 and 104 conference sections combined.

To move a student from a MTH 098 or MTH 104 flex waitlist, the student **MUST** be registered for **BOTH** the lecture **AND** the conference except for MTH 099/104 students who MUST be registered for **both** a MTH 099 and MTH 104 with **different** section numbers.

| To register for this course | On this campus | Register for these sections | |
|---|---|---|---|
| | | **Course section and** | **Conference** |
| MTH 096 Algebra for Statistics Flex | Brighton | Any Section MTH 096 F01 - F18 | None |
| MTH 096 Algebra for Statistics Flex | Downtown | Any Section MTH 096 C1F – C7F | None |
| MTH 098 Elementary Algebra Flex | Brighton | Any Section MTH 098 F01 - F18 | Any Conference Section, MTH 098 M01 – M13 |
| MTH 098 Elementary Algebra Flex | Downtown | Any Section MTH 098 C1F – C7F | Either Conference Section, MTH 098 C8M or C9M |
| MTH 099 Elementary Algebra Lab FLEX *with* MTH 104 Intermediate Algebra Flex with 099 | Brighton | Any Section MTH 099 F01-F18 **AND** a **Different** Section MTH 104 F01-F18 | If using self-service a student would need to choose MTH 104 M01-M13 from which they will subsequently be dropped |
| MTH 099 Elementary Algebra Lab FLEX *with* MTH 104 Intermediate Algebra Flex with 099 | Downtown | Any Section MTH 099 C1F – C7F **AND** a **Different** section MTH 104 C1F – C7F | If using self-service a student would need to choose MTH 104 C8M or C9M from which they will subsequently be dropped |
| MTH 104 Intermediate Algebra Flex | Brighton | Any section MTH 104 F01 - F18 | Any Conference Section, MTH 104 M01 – M13 |
| MTH 104 Intermediate Algebra Flex | Downtown | Any section MTH 104 C1F –C7F | Either Conference Section MTH 104 C8M or C9M |
