

Very Important Announcement – PLEASE READ IN YOUR CLASSES beginning on October 9th :

It is time for Advisement and Priority Registration! Get advised for the classes you need and the schedule that you want for **Spring 2018** by meeting with your advisor and registering as soon as you are eligible to do so. Classes will fill up fast.

- Starting **October 16th** – currently enrolled students who have already completed 12 credits can register (does not include courses in progress or non-credit courses)
- Starting **October 23rd** – all other currently enrolled students can register
- **January 16th – Registration deadline for all matriculated students**

GET READY, GET SET, REGISTER -----

Go to www.monroecc.edu/go/priorityreg for instructions on the complete registration process.

1. Get Ready: Run your Degree Works Audit. It will tell you what classes you still need to take to finish your degree or certificate. Your advisement location is also listed here.
2. Get Set: All students are encouraged to meet with an advisor and confirming their academic pathway before registering. Students with a GPA below 2.0 OR students in identified majors must see an advisor to gain registration access (please see me, faculty member, if you do not know if your pathway/major requires advisement).
3. Register: Early registration is associated with success in classes. Take advantage of your status and register for Spring as soon as you can. Take this important item off your “To Do” list and you won’t have to worry about getting your Spring classes when you are busy finishing up your Fall work, preparing for final exams and the holidays! [MCC Pathway Advisement Contact Information Guide](#)
4. Register now, Pay later – Bill due date is **December 15th! Payment Plans are available, and all students should be encouraged to apply for Financial Aid. Please visit the Financial Aid Office with any questions about current or future financial aid.**

FOR FACULTY REFERENCE in response to student questions: List of Majors that require students to seek advisement from their department to receive an advisement key or to be registered by the department.
