

MTH 099/104

These learning communities are for students who place at level 5 or have earned a C- in a prior MTH 098 class and need a review of Elementary Algebra topics to be successful in MTH 104 . They address the course learning outcomes for both MTH 098 and MTH 104 in one semester with the same instructor with 3 fewer non-credit hours than a MTH 098 and 104 combination. There are three of these learning communities, two at Brighton and one online.

MTH 104/165

These learning communities are for any student who meets the prerequisite for MTH 104, either level 6 placement or MTH 098 with a C or higher, and needs to take MTH 165. They combine Intermediate and College Algebra in one semester for an immersive experience in Algebra with the same instructor. They are a good option for students in programs requiring mathematics beyond College Algebra who are starting at level 6. There are three of these learning communities at Brighton:
