- I'm a musician, producer and studio recording artist in my spare time. I wrote and recorded drum tracking for a plethora of bands in the Rochester area growing up, as well as toured professionally under Sumerian Records for several years in a band called 'Sirens & Sailors'.
- I am a drone hobbyist, and enjoy flying my DJI Mavic Pro when the sun is shining.
- Graphic design is another joy of mine. I'm currently working on a new web-based clothing line I call "Ethereal Utopia".

- I was born in Seoul, South Korea and immigrated to Rochester with my parents and sister. Our port of entry was Hawaii and it was the first time my family saw an escalator.
- I was an extra in "The Amazing Spider-Man 2" when they filmed scenes in Rochester in 2013. The casting agency wanted a photo of me and my car and I received a letter saying that they "liked our look!" Both my minivan and I were paid for our participation.
- I was recently elected to the Board of Education in Brighton where I went to school and now have three kids who attend school in the district. Returning to Brighton after 20 years away, I'm really proud to be serving the district in this capacity.
