

# School Supply Drive

## April 30—May 11th, 2018

The MCC Support Staff Planning Council and the MCC Chapter of the American Association of Women in Community Colleges (AAWCC) are working together to support the *Pencils and Paper: Tools for Learning effort*. *Pencils and Paper* is a free school supply store located in Rochester where teachers at eligible schools can obtain basic learning tools to help kids in need in our community.

Do you remember what it was like as a child to get all new supplies for the first day of school? Can you think back to the excitement of having bright, unbroken crayons, new colored folders and new pencils to sharpen? Since Rochester has the second highest poverty rate among U.S. cities with a population of 200,000 or more, many students in our community do not know the joy of new supplies for school.

Please join your colleagues in helping to strengthen our community by supplying basic learning tools to local children who need school supplies but can't afford them.

### The supplies teachers ask for the most includes:
