The College Fear Factor

Author: Rebecca D. Cox Publish Date: April 2011

Rebecca D. Cox draws on five years of interviews and observations at community colleges. She shows how students and their instructors misunderstand and ultimately fail one another, despite good intentions. Most memorably, she describes how easily students can feel defeated—by their real-world responsibilities and by the demands of college—and come to conclude that they just don't belong there after all.

Eye opening even for experienced faculty and administrators, *The College Fear Factor* reveals how the traditional college culture can actually pose obstacles to students' success, and suggests strategies for effectively explaining academic expectations.
