

Portable Computer Inventory

In keeping with the “Appropriate Use and Responsibility Agreement” established in Fall 2009 between the Educational Technology Services and Administrative Services divisions, a physical inventory of portable computers (laptops, i-pads, etc.) is scheduled for the dates listed below.

Faculty and staff members who have a portable computer in their possession must participate in this inventory as part of the “Appropriate Use and Responsibility Agreement”. Our Property Control department will be on hand to inventory your portable computer – it should only take a minute or two – so please make arrangements to stop in.
