Current textbook(s) cost: \$ _____ Estimated # of students impacted: _____

3. Faculty has approval from department chair: YES: _____ NO: _____

4. Course Requirements – In order to be considered for funding to redesign your course, the course must meet the following course requirements:

- Course will be ready to teach by Fall 2019; redesigned course will be taught as OER for three years
- Course content is more than half OER (minimal publisher content is used) and adheres to SUNY OER definition
- Content is ADA accessible
- At least 51% of materials used (images, graphs, charts, YouTube videos) are Creative Commons (CC) licensed, contain attribution, are in the public domain, and/or adhere to copyright laws
- Slides and PowerPoint files are all openly licensed and contain attribution on each item (images, graphs, charts, etc.)
- Course meets students learning outcomes (SLO) and is designed using provided template
- Course materials, including all assessment items created (tests, assignments, etc.), will be shareable
- Course may be listed on any SUNY OER catalog sites and any other College-related OER promotional websites

I agree to the above listed course requirements:
