

Strong Start to Finish

Please join us for SSTF skill-building webinar & campus dialogue series focused on key aspects of adaptive change leadership for large-scale reform efforts. We encourage each college to organize watch parties' for engaging many campus stakeholders.

Campus Contact:

Webinar 1: The Essentials of Change Leadership: Beyond the "Hero" View of Leadership
February 28, 1-3pm

Room:

Providing an overview of the key concepts, strategies and practices associated with leading change. Topics include building and supporting healthy teams, understanding and overcoming barriers and resistance to change, and developing the skills to lead change.

Webinar 2: Creating a Culture of Co-Ownership Among Faculty: Beyond Buy-In
March 19, 1-3pm

Room:

Addressing challenges and opportunities faculty and academic leaders face in student success efforts. Topics include the need to move beyond "buy-in," honoring and elevating the expertise of faculty, navigating the complexities and making the most of shared governance, and developing the skills to create cultures of mutual respect and support.

Webinar 3: Building Capacity for Cross-Silo Collaboration: Beyond Cooperation
April 9, 10-12pm

Room:

Emphasis on building high-functioning cross-functional teams to accelerate and improve implementation of student success priorities. Focusing on differences between silo-busting and silo-spanning, and strategies to strengthen a sense of shared purpose across campus.
