RSVP to Lydia Ortiz at lortiz@monroecc.edu one day prior to workshop

You are encouraged to attend ALL workshops to build or strengthen your advisement skills.

ADV 104, DEGREE WORKS - Degree Works is an electronic Graduation Planning System (GPS) that organizes the requirements toward graduation in a specific degree program. Come learn how to advise students using this tool. You will discover how to interpret the report, print it, run a “what if” for career planning, and determine classes for graduation.

ADV 115, HEALTH RELATED PROGRAM INFORMATION - This workshop will review the competitive admission process of MCC’s allied health programs (Clinical Lab Technology, Dental Assisting, Dental Hygiene, Health Information Technology, Nursing, Radiological Technology and Surgical Technology) in relation to advisement. Faculty will gain a better understanding of the prerequisites, quality point classes, and selection process.

ADV 165, 2+2 AND TRANSFER ADVISING - What is the advantage of a 2+2 program? How do you know if a student is eligible? Can 2+2 students take honors courses? This workshop is designed to provide a better understanding of the 2+2 programs available at MCC and how to advise those students interested in this option. Topics to be discussed include: eligibility, audit sheets, and other important advising tips. This workshop will clarify some of the confusing dilemmas faced when advising 2+2 students.
