

FINGER LAKES DONOR RECOVERY NETWORK

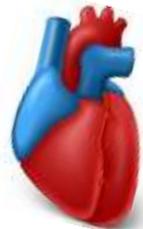

The MCC Club for Surgical Technology Invites you to an Informational Session by Finger Lakes Donor Recovery Network

When: Monday, November 6th, 2017 at 12:00 to 12:50

Where: Room 8-200

Who can come: ANYONE AND EVERYONE!

What is it about: Finger Lakes Donor Recovery Network (FLDRN) is a not-for-profit, organ donor program that coordinates organ and tissue donations in New York State's Finger Lakes, Central and Upstate regions. They work closely with the region's hospitals to ensure that the organ donor decisions of area residents, in consultation with their families, are carried out at the time of death.
