MCC Data Classification Policy
Executive Summary of Feedback Received from the Policy Portal

Three comments were received in the policy portal during the Data Classification Policy comment period.

1. Collaboration with the Library Office of Archives and Records Management
A concern was raised in two comments that as the main data custodian within the college, the Archives and Records Management Department should be involved in the development of the Data Classification and Handling Procedure.

Administrative Response:

Upon receipt of this feedback, the experts from the Library Office of Archives and Records Management were provided with the draft Data Classification and Handling Procedure and invited to collaborate on its development.

2. Allowed devices for data access
One question was received about the allowed devices for data access.

Administrative Response:

The Data Classification Policy does not address devices used to access data. The Data Classification and Handling Procedure will contain access and handling requirements.
