

THREE THINGS TO KNOW ABOUT ME ...

Jayme Gruhn
Duplicating Offset Machine Operator
Print Shop
Employed January 2019

- I am no stranger to MCC. I have had a strong family connection, I am an MCC graduate and I worked as a student aide in the Print Shop and have worked part-time in the shop for many years.
- I am a very active person. I am training in Muay Thai which is a form of martial arts that focuses on striking. I am currently a brown belt. I have played soccer since I was 5 years old and still enjoy playing it every week. I also play in a softball league.
- I love animals. I currently have 2 Maine Coon cats, which are the largest domesticated cat breed, a Cocker Spaniel, who is 13 years old and acts like she is still a puppy, and a guinea pig.

Tom Marino
Technical Assistant
Engineering Science & Physics
Employed August 2018

- I am an avid outdoors man who loves to fish, hunt and camp whenever given the chance. In order to challenge myself, I try to camp and fish at least two new lakes each summer in the Adirondack Mountains.
- I currently make and edit my own fishing videos and am working on sponsorship's with fishing companies in order to help finance my hobby.
- I hope to climb all 46 high peaks in the Adirondacks someday. Currently, I've climbed two of the 46.

THREE THINGS TO KNOW ABOUT ME ...

Mary Ann Vershay
Secretary II
Academic Services
Employed December 2018

- My name is Annie Vershay. I worked for the University of Rochester in their medical division for 14 years prior to being hired at MCC. I am enjoying the transition from working with patients to working with students. I was looking for change and this experience has fulfilled that.
- During my time away from work, I enjoy painting, drawing, and creating different works through arts and crafts. My goal is to take art courses at MCC and continue to expand my skills. The best part about being part of an academic environment, is that I will always continue to learn.
- My true passion is time spent with family and friends. There always seems to be new destinations to be discovered, concerts to enjoy, different foods to try, and new craft beers to taste. The best way to enjoy all that, is with the ones that you care about.
