Class meetings prior to the trip will focus on topics that will help the students prepare for the experience, and meetings after the trip will provide a time for debriefing, reporting, evaluation, and assimilation. The student is expected to complete ten tasks during their stay, make an oral presentation, and prepare a portfolio of the trip. This portfolio can be a personal journal, photo display, video recording, or a combination thereof. Three class hours. On location hours are variable depending on the field experience offered.
