

# Geography Awareness Week and International Education Week

## Schedule – Downtown Campus

### Mapping Party!

Thursday, November 16<sup>th</sup> from 3:30 – 5 pm at Downtown Campus (Room 406)

Make a difference. Map! This afternoon, participants will create maps in another county as a part of Youth Mappers. "Capitalizing on web-based open geospatial technologies, Youth Mappers' mission is to cultivate a generation of young leaders to create resilient communities and to define their world by mapping it." For more on Youth Mappers, go to: <http://www.youthmappers.org/>

If you are interested in participating or if you have any questions, please email Assistant Geography/GIS Professor Jonathon Little [jlittle@monroecc.edu](mailto:jlittle@monroecc.edu) or Christina Lee [clee40@monroecc.edu](mailto:clee40@monroecc.edu) (Global Education & International Services). Pizza and drinks will be served near the end.

## Brighton & Downtown Campus

### The World Maps Gallery

A permanent gallery of 15 world maps showcasing aspects of human geography and physical geography are viewable throughout the Brighton Campus. World maps include the "upside down" map, the Peter's projection map, maps showing sports popularity, lightning strikes, water stress, a wealth cartogram, and several others. As in an art gallery or museum, the maps have a display label explaining the map as well as a QR Code that anyone can scan with their smart phone, tablet or laptop to get additional information and ways to interact. For more information, contact: Christina Lee [clee40@monroecc.edu](mailto:clee40@monroecc.edu) or [jlittle@monroecc.edu](mailto:jlittle@monroecc.edu).

*The GeoTech Consortium of Western New York is funded through the U.S. National Science Foundation (NSF) Office of Advanced Technological Education under Grants Award # 1501076 to Monroe Community College.*
