

Spring 2014

**Sexual Harassment Prevention Training Session
For All MCC Employees
To Be Held At Damon City Campus**

Monroe Community College
STATE UNIVERSITY OF NEW YORK

Sexual Harassment prevention training is essential to the health and development of all college employees. At Monroe Community College we are committed to and recognize the importance of training all of our faculty and staff.

The training session is structured to review the many aspects of sexual harassment and thoroughly discuss the College's harassment policies and procedures.

Monroe Community College policies on sexual harassment apply to all employees, students, and anyone affiliated with the institution. All College employees hired after August 31, 2009 are required to attend a sexual harassment prevention training session within the first year of employment at MCC.

Employees hired on or before August 31, 2009 who have not already attended a sexual harassment training session are strongly encouraged to do so.
