Ann Tatarsky from the American Cancer Society, spoke to the Senate regarding the Relay for Life event to be held on Saturday, June 27, 2015 from 12:00 pm to 12:00 am on the MCC Track near Lot G.

The Relay for Life is an opportunity to engage our community to fight back against cancer.

She is currently working with MPire and the FYE program to engage FYE students to find out more information about Relay for Life and to get involved. She would like to partner with the SGA in order to get other clubs and organizations on board for this event. She hopes this event will help to engage both students and the community. Participants fundraise throughout the year, which is critical to help complete the American Cancer Society's mission to fight cancer. They have many resources, materials, programs and services that people not be aware of. She then handed out Relay for Life fliers and Save the Date information for distribution.

Advisor Stewart indicated that if you are a member of MPire, information share with SGA.
