

Candidate Statement: Representative to the MCCA Inc. Board of Directors

I have been involved with the MCC Association Inc. Board of Directors for a number of years. During that time, I have become very familiar with its mission, goals and structure. The Board is an active board. I am a member of both the Finance Committee and the Investment Committee. The Finance Committee deals with the fiscal issues of the corporation and financial decisions that need to be made. Primary areas which fall under the umbrella of the corporation include the Bookstore, the Residence Halls, the Child Care Center and the Student Association (including Athletics) Also, contracting for dining services is a corporation responsibility. I thoroughly review the quarterly reports (income statements and balance sheets) produced for each area and ask questions which I feel help clarify for me what is being stated. Additionally, I actively take part in determining the direction of investment strategies for the corporation and its component parts. My educational background includes an M.B.A. from RIT. I would very much like to continue in my role as an elected representative to the Monroe Community College Association Inc. Board of Directors.

Sincerely,

Chris
