Communication – methods you can use to communicate with students in Angel. Email vs. discussions vs. ask a question, etc. What is better – announcements, email? Suggestions for lightening your load by using pre-written announcements that automatically open and close.

Course Purge – old courses are purged from Angel three times per year. Learn how to prepare for these purges and how to make a backup of your course with and without student submissions.

Design Short Cuts – how to use folder hierarchy to organize and streamline your courses in Angel.

Gradebook – explore how Angel calculates grades (points vs. percentage). Ideas for explaining grades to students. What do your students see?

Rubric – use rubrics in Angel to grade drop box submissions and essay questions on assessments.

Work Smarter – Tips, Tricks and Techniques to help you work smarter but not harder in Angel. Tired of changing all those due dates everywhere?
