

Presenting **HAWA**- a heartfelt short narrative film (created & directed by Arzouma Aime Kompaore a former MCC student from Burkina Faso) about an African Immigrant couple struggling to find footing in a new world with new rules and influences. Arzouma will facilitate a panel discussion afterward to explore the various poignant themes presented in the movie. An excellent film to generate cross-cultural dialogue!

HAWA

Hawa and her husband don't share the same priorities anymore.

Here in America, where everything seems allowed, one woman and one man fight for their dream. Or, maybe not...
