

**THE SOCIOLOGY FILM
SERIES PRESENTS:**

THE END OF SUBURBIA

April 13th

6:30 pm

Room 5-100

Suburbia, and all of its promises, has become the American Dream. But as we enter the 21st century, serious questions are beginning to emerge about the sustainability of this way of life. With brutal honesty and a touch of irony, The End of Suburbia explores the American Way of Life and its prospects as global demand for fossil fuels begins to outstrip supply.

Open discussion and analysis will follow the film.

The film is free and open to the MCC community and the public.
