

**International Education Week
& Geography Awareness Week
November 14 – 18, 2016**

Theme: Mapping our Place in the World

The World Maps Gallery

A permanent gallery of 15 world maps showcasing aspects of human geography and physical geography will be installed this fall throughout the Brighton Campus and shown as a temporary poster display at the Damon City Campus. As in an art gallery or museum, the maps will have a display label explaining the map as well as a QR Code that students can scan with their smart phone, tablet or lap top to get additional information and ways to interact.

Schedule – Brighton Campus

Monday, November 14

International Education Week Opening Celebration

Campus Center Atrium

12:00 p.m. – 12:30 p.m.

Gather in the Atrium to kick off International Education Week and Geography Awareness Week events.

The World Maps Gallery poster display

Campus Center Atrium

All week

Walk among The World Maps Gallery posters to see what maps have been installed in the permanent collection mounted throughout the Brighton Campus. Use a map created by cartography (GEG 131) students to locate the various maps in The World Maps Gallery.

Tuesday, November 15

War Interpreted

Monroe B

11:00 a.m. – 12:20 p.m.

Join us for a unique discussion with MCC Veterans and Iraqi & Afghani students who served the U.S. military in wartime. What did they understand about each other's cultures before meeting and working together; how did those understandings change and evolve; and ultimately, what did they learn from their cross-cultural experience and dialogue?

New Challenges to the Global System

Monroe B

12:30 a.m. – 1:50 p.m.

Come hear Political Science Professors Lou Andolino and Joe Scanlon discuss the increasingly complex threats to American security and the global system that the next president will have to manage.

MCC's Map-a-thon Mapping Party!

Building 11, Room 111

6:00 p.m. – 8:30 p.m.

Join key note speaker, Dr. Patricia Solis, as she opens MCC's first Map-a-thon. Dr. Solis will introduce and demonstrate how students can use geospatial technology through open source mapping to change the world as she leads students through the exciting process of contributing to and editing a map of the world.

Wednesday, November 16

Key Note Speaker, Dr. Patricia Solis – Mapping Our Place in the World

Monroe B

12:00 p.m. – 12:50 p.m.

Dr. Patricia Solis is the founder of [YouthMappers](#), Co-Director of the Center for Geospatial Technology, and Research Associate Professor at Texas Tech University. Dr. Solis will talk about open source mapping and the way college students can address real world challenges through geospatial technology and mapping.

Thursday, November 17

Speed Travel

Campus Center Terrace

2:00 p.m. – 3:30 p.m.

Students get a sense of geography, culture and language as they interact with international and immigrant students in a format modeled on speed dating.

International Careers Panel

The Forum

12:00 p.m. – 12:50 p.m.

Come hear from the experts regarding international careers available for our students. This panel is designed for students as well as faculty and staff who advise and counsel students, both formally and informally.

Globalize Your Resume Workshop

Career Center Library

1:00 p.m. – 1:50 p.m.

Students learn how to craft a resume highlighting cross cultural skills and experiences about global work, volunteer and intern options that will help develop cross cultural skills employers want. Pam Lazio, Career Counselor, and Kara Tierney (Chemistry) will engage students in this session.

Schedule – Damon City Campus

The World Maps Gallery poster display

Walk among The World Maps Gallery posters to see what maps have been installed in the permanent collection mounted throughout the Brighton Campus. Use a map created by cartography students to locate the various maps of The World Maps Gallery.

Monday, November 14

International Education Week Opening Celebration

4th Floor Student Lounge

9:00 a.m. – 9:30 a.m.

Gather in the 4th Floor Student Lounge to kick off International Education Week and Geography Awareness Week events.

Tuesday, November 15

New Challenges to the Global System

Time and location to be determined

Come hear Political Science Professors Lou Andolino and Joe Scanlon discuss the increasingly complex threats to American security and the global system that the next president will have to manage.

Wednesday, November 16

Key Note Speaker, Dr. Patricia Solis – Mapping Our Place in the World

3:00 – 4:30 p.m. in Room 4151

Dr. Patricia Solis, Founder of [Youth Mappers](#) & Senior Research Associate, Texas Tech University. Dr. Solis will talk about Open Street Mapping and the way college students can address real world challenges through geospatial technology and mapping.

Thursday, November 17

Faculty Lunch and Learn – Globalize Your Curriculum Through COIL and Fulbright

Location TBD

12:30 p.m. – 1:20 p.m.

Learn about Collaborative Online International Learning (COIL) and Fulbright opportunities that will help you globalize your curriculum.
