**GUEST**

Dr. Topping, Interim Executive Dean/Dean of Students Damon City Campus

The meeting was called to order at 11am

**SPEAK TO SEGA**

Dr. Topping presented a video that was featured on the Democrat & Chronicle website, which included a three minute, 31-second video starts with a birds eye view, which then goes on to show the interior of the building from several angles. Construction on the \$72 million project should start sometime in 2015 and the building should be ready for use in the summer of 2017. All of the services and academic programs currently located at the Damon City Campus in the Sibley Building will move to the new campus. MCC's Division of Economic Development and Innovative Workforce Services will be located on the seventh floor of the campus. A portion of the space is designated as available for businesses under the START-UP NY tax incentive program. After viewing the video the SEGA team and Dr. Topping visited the 5<sup>th</sup> floor in the Damon campus to view the furniture and color schemes for the new campus. The SEGA team was very engaged and excited to view the floor plans.
