**Linda Suskie**, a well-known assessment expert, will offer an interactive workshop for faculty and administrators interested in keeping assessment both simple and useful. She is presently analyzing some of our recent assessment reports, and she will use her analysis to design a workshop that celebrates what we do well and offers very practical suggestions on how to make our assessment work even more meaningful. The workshop will intersperse presentations with small-group breakout discussions and time for questions.

Please RSVP by Monday, January 4th to Melissa Burley at [mburley@monroecc.edu](mailto:mburley@monroecc.edu) or at ext. 2221.
