- Most meals
- 3 credits
- Daily excursions to natural attractions
- Health and travel insurance

Estimated cost: \$4,000

The country of fire and ice, waterfalls, geysers, volcanos, lava fields, Midnight Sun, Northern Lights and more!

Course title: Photographic Explorations of Culture, Landscape and Myth in Iceland

Register for: PHO 182*

Study photography in the beautifully dramatic natural setting of Iceland. Students connect their specific field of study with a chosen theme that relates to the culture, landscape, history and/or mythology of Iceland as they visually explore the country through photography.
