The Damon City Campus Library, located on the fourth floor of the Damon City Campus (DCC), offers print and non-print resources with an emphasis on Criminal Justice, Education and Human Services as well as general curricular support. The DCC Library has about 10,000 books, 100 periodical subscriptions, cassettes, DVDs and videos.

Archives and Records Management encourages and coordinates the systematic management of the records of the College in accordance with the State Archives and Records Administration (SARA) guidelines and New York State law.

The Archives include administrative records; Board of Trustee minutes; reports; correspondence and records of committees; student publications, handbooks, and independent studies; memorabilia; and photographs of College related events.

The Records Management program provides microfilming services and the ongoing management of the College's records, complying with state regulations for maintaining county government records.

The SUNY Student Resource Center (SSRC), a partnership of MCC, the Central Library of Rochester and Monroe County, SUNY Brockport and Empire State College, is open to *all* SUNY students. They can find it on the link level of the Central Library of Rochester and Monroe County (115 South Avenue).

SSRC computers provide access to the Internet, periodical databases and productivity software (i.e. Word, Excel, PowerPoint). Other resources and services provided include library instruction, research help, group study rooms, copiers and printers and video-viewing stations. For more information, visit the SSRC at www.libraryweb.org/suny.

HELP US IMPROVE OUR SERVICE

You can take some simple steps to make your library assignments run more smoothly and help your students succeed.

- Walk through each research based assignment you give. Get to know our collection and our subscription periodical databases. Do we have the sources you have designated? If we don't, please let us know so we can obtain them or suggest alternatives.
- Place needed items on reserve. Sixty students trying to use the same book is a frustrating situation for everyone involved.
- Let us know about your assigned research assignments. With advanced notice, we will be better prepared to help your students at the Information/Reference Desk as well as suggest resources you may not have considered. At the Brighton campus, contact Alice Harrington, at x2304 or aharrington@monroecc.edu. At Damon, call x1413 or email dcclibrary@monroecc.edu.
- Assume your students have minimal research/library skills. Most can use Google to find web-sites of varying quality; however, they may not yet be familiar with the intricacies of academic research at the college level.
- Bring your class to the library for a library instruction/research skills session. A librarian can show your students how to locate, evaluate and document resources for any assignment.
- Use specific wording in your assignments. Define unfamiliar terminology (i.e. peer reviewed). Review your instructions to make sure they're clear. For example, when you forbid students from using the Internet, are you referring only to web-sites or do you also mean on-line periodical databases such as JSTOR?
- Ask students and librarians for feedback after the assignment is finished.

INFORMATION SERVICES

- The **Information Desk** (LeRoy V. Good Library, x2319) and the **Reference Desk** (Damon City Campus Library, x1420) provide focal points for aid in finding materials and information. These desks are staffed by a professional librarian whenever the Libraries are open.
- For in-depth assistance, students can sign up for **Individual Research Consultations** with a librarian at the Information/Reference Desks or through the library web-site: <http://www.monroecc.edu/depts/library/IndResConsultForm.htm>.
- The Leroy V. Good Library Reference Department also answers brief reference questions through their **Electronic Reference Service**: <http://www.monroecc.edu/depts/library/eref.htm>.

LIBRARY INSTRUCTION

The MCC Libraries Library Instruction program supports the curriculum of Monroe Community College as well as SUNY General Education requirements by teaching students the skills necessary to successfully complete research assignments.

Our Library Instruction Centers serve as modern teaching facilities for course-related library and research instruction sessions and workshops. With 18 computers at LeRoy V. Good Library and 10 at the DCC Library, the Centers allow for *hands-on* instruction in research methods.

The Libraries Requests Faculty:

- attend library instruction sessions with their students
- assign a research assignment prior to the instruction session.
- schedule at minimum two weeks in advance
- actively participate in the instruction session
- let us know if you are bringing your class in to use the student use computers. Note: the Library Instruction Centers are for use by library faculty only.

In turn, the Libraries will provide:

- a librarian to work with the instructor and the class while they are in the library working on a specific assignment
- handouts about using library resources or research skills
- in-person instruction to individuals
- classroom instruction in specific subject areas
- assistance to and cooperation with faculty in preparing research guides

For more information, please contact Alice Harrington (x2304 or aharrington@monroecc.edu) at Brighton or Michael McCullough (x1413 or dcclibrary@monroecc.edu) at the Damon City Campus.

RESERVES AND ELECTRONIC RESERVES

Faculty may place books, articles, presentations, videos, sample tests or homework solutions on reserve in the library. These materials are checked out for a limited amount of time (1 hour, 2 hours, 1 day, 3 days, or 5 days) so that they will be available to many students.

Materials may also be available on the web through the electronic reserve system. The E-reserves system allows your students to access course and research materials on the web 24/7 from on and off campus. You can include items such as PowerPoint presentations, class notes, syllabi, homework solutions, video and audio clips or articles. Materials are password protected to limit use to your classes or individual sections. All materials must comply with the current copyright guidelines, and, depending on the item, you may be asked to receive permission from the publisher.

Please bring items you wish to place on reserve to the Circulation/Reserve Desk and fill out a reserve. The library can scan your materials, transfer them from the M Drive or upload your digital version. Please be sure to include bibliographic information.

We request that you allot time for your reserve materials to be processed before giving the assignment to your students.

More information and forms about both types of reserves may be found at: <http://ereserves.monroecc.edu>. Go there also for current copyright guidelines.

If you have any questions, please call the appropriate library for more information:

- If you are teaching at the Brighton Campus, call the LVG Library Circulation Desk at 292-2303.
- If you are teaching at the Damon City Campus, call the DCC Library Circulation Desk, at 262-1413.

PERIODICALS

Check the Libraries' online catalog (<http://saranac.sunyconnect.suny.edu:4780/F>) to see if we own the print version of a particular periodical. MCC Libraries also provide electronic access to a wider range of titles through our periodical databases. A list of these titles is available at <http://sfx.sunyconnect.suny.edu:9003/monsfx/azlist/default>.

ELECTRONIC RESOURCES

You can access the MCC Libraries' electronic resources through the "Library Resources" icon on your office desk-top computer or the Libraries web-site (<http://www.monroecc.edu/go/library>). If you are off-campus, follow the "Access from Home" directions. You will need to know your network username and password (the same one you use to log into your computer).

- Use the **MCC Libraries Online Catalog** to locate books, periodical titles, CDs, videos and other materials owned and kept in the MCC Libraries. If you cannot find what you need in the MCC Libraries, try **LIBRA**, the catalog of the Monroe County Library System; **ROARINGCAT**, a catalog of the libraries in the area; or the **SUNY Union Catalog**, a catalog of SUNY Libraries.
- Our other electronic databases offer indexing and/or full-text of articles from hundreds of newspapers, magazines and scholarly journals as well as literary works, photographs, college catalogs, encyclopedias and much more. Examples of databases include **Academic Search Premier**, **JSTOR**, **Opposing Viewpoints Resource Center** and **ERIC**.

BOOK SELECTION

The Libraries encourages faculty participation in our collection development efforts. Suggestions from within or outside your subject area are welcome. We want to know your needs regardless of price or quantity; we will contact you if we have budget concerns. We subscribe to the Books in Print database; it is available through the library web-site (see *Electronic Resources*)

Book suggestion cards may be obtained from either the LeRoy V. Good Library or the Damon City Campus Library. If at Brighton, send your suggestions to Rick Squires, Collection Development Librarian, x2314, rsquires@monroecc.edu. At Damon, call x1413 or email dcclibrary@monroecc.edu. We will notify you when the items you have requested are received and catalogued.

REGIONAL LIBRARY ACCESS CARDS

Many local college and business libraries are available for MCC faculty and administration use. The Rochester Regional Library Council (RRLC) has coordinated efforts to facilitate access to these libraries. A regional "Access Card" is available to faculty wishing to use college and research libraries in person while working on special projects. Access Cards are not available to students. To inquire about obtaining an Access Card, please pick up an application at the Reference/Information Desk of either Library.

INTERLIBRARY LOAN

Interlibrary Loan (ILL) is a network of local, state or national libraries that share resources (primarily books and articles) by lending and borrowing with each other. The Interlibrary Loan office processes these requests by computer which is connected online to a network of libraries. Conditions of this service are governed by the National Interlibrary Loan Code and the Copyright Law, Title 17, U.S. Code.

Who may borrow on interlibrary loan?

Any current MCC faculty, staff or student in good standing may borrow materials on Interlibrary Loan. To be in good standing you must have no overdue library materials and owe less than five dollars in outstanding fees or fines. You must bring your yellow MCC ID to check out or pick up materials.

How do I request material on Interlibrary Loan?

If MCC does not have the book or magazine article you need, you can search the SUNY Union Catalog for the item and place a request online. Forms are also available at the Libraries' website. Paper forms are available at the Libraries' Information/Reference Desks. They may be returned there as well. Patrons receive their materials faster by filling out forms completely and clearly.

How long must I wait for the materials?

Most materials found locally or at a SUNY location will arrive in 3 to 5 days. However, if the material is available only outside New York State, it may take up to 3 weeks to arrive. An article usually arrives faster than a book.

How much will it cost?

Usually there is no charge for the material obtained on Interlibrary Loan. If the material is of a medical or legal nature, the lending library may charge a fee. Please note if you are willing to pay a charge for your item. The charge is usually \$8 to \$15 for each book or photocopy.

What kind of materials may I borrow?

Books and photocopies of magazine articles are the most common materials borrowed from other libraries. Foreign language materials may be borrowed, but please note if you want a non-English item.

What materials will I not be able to borrow?

Items owned by the MCC Libraries that are not lost cannot be requested. Reference books, textbooks, books published this year, CDs, DVDs, dissertations, entire issues or volumes of journals, rare books, and theses are usually NOT loaned by other libraries.

Videotapes are not loaned by the Monroe County Library System through ILL.

The University of Rochester Libraries does NOT loan to undergraduate students.

How many items may I borrow on Interlibrary Loan?

Up to five requests a day for book and journal articles combined may be processed. If you have more than five please prioritize your requests, and we will process them as soon as possible.

How do I know when my materials have come in?

For copies and books received, the most expedient method of contact is e-mail, so please provide your MCC e-mail address on the original ILL form. For photocopy requests, pick up the items at the Circulation/Reserve Desk (unless you have requested campus delivery—for staff and faculty only, or US mail delivery on your request). For books, a letter or e-mail will be sent out the day your material(s) arrives or you may check at the Circulation/Reserve for your item.

What happens if my interlibrary loan materials are returned late?

Please return books to the Circulation/Reserve Desk on or before the date due. Since this is a special loan from another library, it is important to return the book promptly so that we can continue our good relations with lending libraries. Failure to observe this due date will suspend your borrowing privileges for all library materials.

How long may I keep the borrowed book?

The lending library will notify us of the date due. The due date will be listed on the cover slip of the book when you check it out. If you want to renew a book, please request a renewal 3 days prior to the date due by contacting the Interlibrary Loan Department in person or call x2318 at Brighton and x1413 at Damon. Renewals are entirely at the discretion of the lending library and cannot be guaranteed.

COPYRIGHT LAW COMPLIANCE WARNING

Notice: Warning Concerning Copyright Restrictions

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted materials. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use", that use may be liable for copyright infringement.

This institution reserves the right to refuse to accept a copying order, if, in its judgment, fulfillment of the order would involve violation of copyright law.

At Brighton, if you have any questions, please contact Bess Watts at x2318 or come to our Interlibrary Loan office located on the main floor of the library, room 2-209.

REQUESTING BOOKS THROUGH THE SUNY UNION CATALOG

If you would like to request an item through Interlibrary Loan, please place requests through the SUNY Union Catalog. The SUNY Union Catalog is located on the Libraries' webpage (<http://monroecc.edu/go/library>) under both the "Find Books" and "Find Articles" links, as well as under "Library Resources" on our public computers. Once you are in the catalog and have found the item you need, click on "Request Item" near the top of the page. A box will appear asking you to "select your campus." After you choose MCC, choose "SUNY ILL Request System" then complete the electronic ILL form. For ID number, you can just enter your phone number. After submittal, your request is transferred for electronic completion!

If you are unable to find the item you need within the SUNY Union Catalog or you have any questions, please contact the Interlibrary Loan Office at 292-2318.

LOAN PERIODS

SPECIAL COLLECTIONS

HOLOCAUST AND HUMAN RIGHTS RESOURCE CENTER is housed at the Leroy V. Good Library. The original collection was devoted to the study of specific instances of historical genocide, particularly the Holocaust of the 20th century, as well as the theories and history behind the acts. In 2002, the focus was expanded to educate the public about the issues of good and evil, compassion and empathy, and humanity's tendency to distrust those who are different. Stop at the Circulation Desk for a key to visit the room. For further information, please call Lori Annesi, Reference/Special Collections Librarian, x2338.

THE TEACHING AND CREATIVITY CENTER, located in the LeRoy V. Good Library, offers assistance to instructors in teaching techniques, mentoring, classroom management and numerous other issues relating to the betterment of instruction at the College. The Center is designed to enhance teaching effectiveness and potential to achieve desired learning outcomes. The Teaching and Creativity Center serves to develop at MCC the scholarship of teaching through promotion of good principles and practice in instruction. Stop at the Circulation Desk for a key to visit the room. For further information, please call Lori Annesi, Reference/Special Collections Librarian, x2338.
