## Carnations for Patients with a Twist

Stop by and create a flower. The flowers that we create will be used at the new "Henrietta Relay For Life" event, a fundraiser for the American Cancer Society. The tissue paper flowers will be a perfect, long-lasting token of appreciation for survivors to give to their caregivers, and a symbol of survivorship for cancer survivors . . . . Every year they attend the Relay For Life, they can add another tissue paper carnation to their "Survivorship" or "Caregiver" bouquet. They can celebrate another year of being a survivor! So this is a little different twist for the "Carnations for Patients" project, recognizing the cancer patients who are currently going through their struggle, recognizing those who have struggled and survived, and also showing the deep appreciation that all cancer survivors have for the people who helped them along the way—their caregivers.
