IN FOOD, INC., producer-director Robert Kenner and investigative authors Eric Schlosser (*Fast Food Nation*) and Michael Pollan (*The Omnivore's Dilemma*) lift the veil on our nation's food industry, exposing the highly mechanized underbelly that's been hidden from the American consumer with the consent of our government's regulatory agencies, the USDA and FDA. Our nation's food supply is now controlled by a handful of corporations that often put profit ahead of consumer health, the livelihoods of American farmers, the safety of workers, and our own environment.

Food, Inc. illustrates the dangers of a food system controlled by powerful corporations, and reminds us that we still have the ability to vote on this issue every day – at breakfast, lunch and dinner.
