faculty **307**

Part-time
employees
and adjunct
faculty **792**

Full-time
administrative/
professional **289**

Full-time
support staff **303**

Inspiring Faculty

When Michael Boester moved to the Rochester area in 2001, one of the first places he visited to learn about Rochester's history was Mount Hope Cemetery. Since then, this cultural landmark—along with the Genesee River, local parks and downtown Rochester—has served as an outdoor classroom for his geography students. The educational experiences he offers students remind him of his days as a community college student in Illinois where a geography instructor helped Michael discover his passion and purpose in life. “I strive to inspire my students to find their own paths to happiness,” Michael said, “and I hope their paths lead them to stay in Rochester and make it a better place.”

Michael Boester,
associate professor
of geography

MCC has unique dual-admission agreements with 27 four-year institutions, including many SUNY colleges.

Ogden.....	308		
Parma.....	244		

Percentage of 2014 Monroe County high school graduates enrolled at MCC: 23%.

Inspiring Alumni

After dropping out of high school and earning her GED, Susan Spencer knew she wanted more for herself and her young daughter. Determined to succeed, Susan enrolled at MCC and—with guidance from her professors—found a passion for the sciences. She completed an associate degree in biotechnology—becoming the first in her family to graduate from college—and later earned a Ph.D. in microsystems engineering from Rochester Institute of Technology. She now runs Rochester Solar Power Organizational Team, a nonprofit organization she founded that focuses on transforming Rochester through the use of solar energy.

High-Quality Benchmarks

- MCC is ranked in the **top 3%** of U.S. community colleges for most associate degrees and certificates awarded.
- MCC is a **military-friendly** school, according to *G.I. Jobs* and *U.S. Veterans* magazines.
- 78 MCC students earned the national **2014 President's Volunteer Service Award**, engaging in a total of 19,096 hours of civic service.
- MCC is among the **top 15** U.S. colleges recognized for quality education and training in small unmanned aerial vehicles.

In 2014-15, a total of 4,675 high school students from 45 schools and BOCES locations took MCC courses for college credit in their home school—the highest annual enrollment ever in MCC's dual-enrollment program. In partnerships with high schools, MCC offers more than 80 different courses for dual-enrollment credit.

Graduates of MCC's nursing, radiologic technology and dental hygiene programs perform well above state and national averages on certification and licensure exams, achieving pass rates of 91% or higher.

- A robot designed and built by MCC engineering and computer science students won **second place** in the 2015 American Association for Engineering Education's student design and manufacturing competition.
- Among MCC's award-winning faculty is 2014 **U.S. Professor of the Year** John Wadach, an engineering science and physics professor who has been recognized for his excellence

in teaching and mentoring by the Carnegie Foundation for the Advancement of Teaching and the Council for Advancement and Support of Education.

- Faculty and staff have received 115 **SUNY Chancellor's Awards** recognizing excellence in teaching, faculty service, professional service, librarianship, classified service, and scholarship and creative activities.

Economic & Workforce Development

Within the past year, MCC's Division of Economic Development and Innovative Workforce Services has produced several reports aimed at increasing the community's understanding of our regional economy's needs and at guiding MCC's investments in education and training programs. The reports provide data-driven analyses of current and emerging local workforce dynamics.

workforceforward.com/reports

MCC Career Coach, a web-based tool, provides up-to-date local employment data and matches local job opportunities with the education and training offered at MCC to help people find high-demand careers.

careercoach.monroecc.edu

In 2014-15, MCC worked with 209 employers and organizations in the public and private sectors to provide workforce training.

MCC Corporate College

MCC responds to the needs of the regional and national workforce with innovative learning solutions to help businesses, industries, agencies and individuals maintain a competitive edge. Professional guidance, data collection and expert analysis are core components of its work process. Through MCC Corporate College, courses are delivered as both open-enrollment and custom-training solutions, with credit and noncredit options.

Since 1993, the MCC Foundation has awarded more than **\$9.1 million** in scholarships, including **\$1.17 million** in 2014-15 alone.

MCC strengthens the education continuum by developing, cultivating and sustaining clear pathways extending from early childhood through career. Here are several key initiatives through which MCC helps underrepresented and/or at-risk students achieve academic success:

- College-readiness programs in East High School, East Irondequoit Central School District, Monroe High School, and World of Inquiry School (for Grades 11-12)
- Horizons summer program (for Grades 1-8)
- Liberty Partnerships Program (for Grades 7-12)
- Pathways in Technology Early College High School (for Grades 9-14)
- Rochester Early College International High School (for Grades 9-12)
- Science and Technology Entry Program (for Grades 7-12)
- Upward Bound/Upward Bound Math and Science (for Grades 8-12)
