

Daniel Robertson – Candidate for Dean of Health and STEM

Daniel Robertson graduated from Arizona State University with an M.S in Economic Geology. He earned his B.S. in Earth Science from Colorado State University.

Mr. Robertson is currently Interim Dean for the Schools of STEM and HSPW at Monroe Community College. Beforehand, he was Department Chair of Chemistry and Geosciences. He has taught at Truckee Meadows Community College and Western Nevada Community College, both in Nevada, as well as Rio Salado Community College in Arizona. He also worked at Cyprus Amax Mineral Company and W.S. Gold Corporation prior to joining MCC.

Mr. Robertson, a member of numerous teaching and geological associations, has received the SUNY Chancellor's Award for Excellence in Teaching, Faculty Senate Spotlight Award and Volunteer of the Year Award at MCC.

Mr. Robertson believes he is an advocate for the College and can help move current initiatives on campus forward.
