*Damon City Campus 15th Anniversary
Dinner: Under the City Lights*

A significant result of the MCC Foundation's first capital campaign, "Creating a Legacy," MCC's Damon City Campus opened in 1992 due to the overwhelming generosity and encouragement of local business and industry leaders, friends and alumni who believed that a community college campus located downtown would increase educational opportunities for our community. The campus is named for MCC Founding Trustee and Xerox executive the late E. Kent Damon and has represented the college's commitment to Rochester's future ever since.
