The MCC Chapter of the American Association for Women in Community Colleges (AAWCC) is proud to be hosting this year's National Day of Dialogue discussion during Women's History Month.

Please join our distinguished panel of professionals to discuss the following questions:

- ♦ What responsibility do we, the College community, bear with respect to protecting students from sexual violence?
- ♦ What have we, as individuals, done on our campuses to prevent sexual violence?
- ♦ How can we work together to create a web of safety on our campus against sexual victimization?
- ♦ What can we do to engage boys and men in sexual violence prevention?
