

International Education Week

November 14 – 18, 2016

Theme: [Mapping our Place in the World](#)

Incorporate these HIP events into your syllabus!

The World Maps Gallery

A permanent gallery of 15 world maps showcasing aspects of human geography and physical geography will be installed this fall throughout the Brighton Campus and shown as a temporary poster display at the Damon City Campus. World maps will include the “upside down” map, the Peter’s projection map, maps showing sports popularity, lightning strikes, water stress, a wealth cartogram, and several others. As in an art gallery or museum, the maps will have a display label explaining the map as well as a QR Code that students can scan with their smart phone, tablet or lap top to get additional information and ways to interact.

Please consider incorporating The World Maps Gallery into your assignments this fall by building an assignment around these versatile, colorful, engaging maps!

Schedule – Brighton Campus

Monday, November 14

International Education Week Opening Celebration

Gather in the Atrium to kick off International Education Week and Geography Awareness Week events.

The World Maps Gallery poster display

Campus Center Atrium

Walk among The World Maps Gallery posters to see what maps have been installed in the permanent collection mounted throughout the Brighton Campus. Use a map created by cartography students to locate the various maps in The World Maps Gallery.

Tuesday, November 15

War Interpreted

Join us for a unique discussion with MCC Veterans and Iraqi & Afghani students who served the U.S. military in wartime. What did they understand about each other’s cultures before meeting and working together; how did those understandings change and evolve; and ultimately, what did they learn from their cross-cultural experience and dialogue?

Wednesday, November 16

Key Note Speaker – Dr. Patricia Solis, Founder of [Youth Mappers](#) & Senior Research Associate, Texas Tech University. Dr. Solis will talk about Open Street Mapping and the way college students can address real world challenges through geospatial technology and mapping.

Thursday, November 17

Speed Travel

Students get a sense of geography, culture and language as they interact with international and immigrant students in a format modeled on speed dating.

International Careers Panel

Come hear from the experts regarding international careers available for our students. This panel is designed for students as well as faculty and staff who advise and counsel students, both formally and informally.

Globalize Your Resume Workshop

Students learn how to craft a resume highlighting cross cultural skills and experiences about global work, volunteer and intern options that will help develop cross cultural skills employers want. Pam Lazio, Career Counselor, and Kara Tierney (Chemistry) will engage students in this session.

Tentative Schedule – Damon City Campus

The World Maps Gallery poster display

Walk among The World Maps Gallery posters to see what maps have been installed in the permanent collection mounted throughout the Brighton Campus. Use a map created by cartography students to locate the various maps of The World Maps Gallery.

Monday, November 14

International Education Week Opening Celebration

Gather in the 4th Floor Student Lounge to kick off International Education Week and Geography Awareness Week events.

Wednesday, November 16

Key Note Speaker – Dr. Patricia Solis, Founder of [Youth Mappers](#) & Senior Research Associate, Texas Tech University. Dr. Solis will talk about Open Street Mapping and the way college students can address real world challenges through geospatial technology and mapping.

Thursday, November 17

Faculty Lunch and Learn – Globalize Your Curriculum Through COIL and Fulbright

Learn about Collaborative Online International Learning (COIL) and Fulbright opportunities that will help you globalize your curriculum.
